GA Avg basis (minutes):
e.g., 90 for SO, 70 for FH 90

☐ Calculate goal points = 1

Inactive players

- ☐ Show
- ☐ Flag
- ☒ Hide

☐ Tab stops (for word processing)

OK Cancel

For the NCAA rule change regarding the calculation of shared shutouts, the TAS Soccer program includes an option to show shared shutouts in Season Reports (Season Reports | Settings | Report Options).

College soccer's shared shutout values are entered in Manual Entry post-game, not calculated in the in-game scoring program.

STATCREW SOFTWARE

Live Stats for Multiple FTP Destinations

Works with Next Generation and Legacy (through Cloud Connector)

Experience fewer delays in FTP transmission.

FTP monitoring with error notification.

Stat Crew Cloud transmits the XML to unlimited number of FTP recipients.

When using Legacy, check Live|Live setup settings, before utilizing the Legacy Cloud Connector.

Scoring software sends XML to Stat Crew Cloud.
